QUOTATION NOTICE

Competitive tenders in sealed covers are invited for the supply of " *Room Partition Work MGUIF Healthcare Incubator DST Nidhi -iTBI*" at MGU Innovation Foundation, Mahatma Gandhi University Campus, Priyadarsini Hills PO, Kottayam. Subject to the terms and conditions mentioned below.

Sl No	Item	Specification	Quantity
1	Room Partition Work	Scope of Work a) Providing and fixing aluminium framed partition with HDHMR board, including all necessary aluminium sections, vertical and horizontal members, framework, cutting, drilling, riveting/screwing, fixing and finishing complete. The partition shall be formed using suitable aluminium sections of approved make and adequate gauge/thickness, securely anchored to the existing floor, ceiling and walls. The framework shall be covered with 4 mm thick HDHMR (High Density High Moisture Resistant) board/particle board, properly cut, aligned and fixed to the aluminium framework with corrosion-resistant screws/fasteners. The work shall include all necessary aluminium channels, cleats, brackets, corner sections, joining accessories, fasteners and finishing trims. Two door openings, total 1.80 m wide, shall be provided in the partition. Door shutters shall be suitably framed and	280Sq.ft.

		<i>finished with matching board/panel material and shall include necessary hinges, handles, SS tower bolts with key-operated locking arrangement and suitable door lock, strike plates, screws and all other required hardware. The item shall include complete installation, alignment, levelling, making good around junctions and all labour, materials, tools and accessories necessary to complete the work in all respects as directed by MGUIF</i> <i>b) Providing and fixing aluminium framed ACP sun-wiser/sliding arrangement for windows, including aluminium framework and framing members, sliding/operable panels and fixing of ACP (Aluminium Composite Panel) sheets of suitable approved thickness and finish. The system shall be provided with 2 mm thick HVAC-compatible closed-cell insulation foam/heat-insulating foam continuously behind the ACP panel, properly bonded/fixed to provide thermal insulation and reduce heat transfer. The assembly shall include aluminium channels, runners/tracks, guides, rollers/sliding accessories, brackets, cleats, fasteners, end caps, trims, sealants and all necessary accessories. The sun-wiser arrangement shall be suitably integrated with the existing window openings and shall permit smooth sliding/operation without obstruction. All joints shall be properly aligned, sealed and finished to provide a neat and durable installation. The item shall include cutting, fabrication, transportation, installation, fixing, adjustment and complete finishing for three window openings, including all labour, materials, tools, scaffolding/accessories and incidentals necessary to complete the work in all respects as directed by MGUIF</i>	115Sq.ft.
